

Welcome to Civil Air Patrol Gwinnett Squadron (GA112)!

As a new member you must complete Level I training, which consists of FIVE required steps available online at:

http://www.capmembers.com/cap_university/level-i-foundations/

To complete Level 1 training, you must have the six foundations module quizzes scored and reviewed by our squadron professional development officer (PDO). Additionally, you must have a “summary conversation” with the PDO to discuss the cadet protection case studies and answer any questions you may have.

GA112 will offer opportunities to complete Level 1 training at least 6 times per year; training completion dates will be posted on our squadron calendar.

You may direct questions or comments concerning Level 1 training to Maj. Lora Darrisaw at captld@comcast.net
